

CREATING AN FSA ID

The First Step To Financial Aid

The Federal Student Aid Identification also called the FSA ID, is the first step to completing your FAFSA. It is a username and password that students and parents create to access the FAFSA and electronically sign the form.

WHO NEEDS TO CREATE AN FSA ID?

All students need to create an FSA ID and likely your parent(s) or spouse. When you fill out the FAFSA, it will determine if you need to include your parent's information. Generally, unmarried students under the age of 24 are considered dependent upon their parents. Use the graphic to the left to determine who needs to create an FSA ID.
