The Center for Academic Success (CAS) serves to advance the mission of the university community through the development of comprehensive strategies designed to enhance students’ academic achievement and success. As a comprehensive center, the strategies designed to improve academic achievement and advancement rates include: specialized advisement, testing, academic coaching and tutoring services. CAS is here to help students develop a roadmap for success as they pursue their personal and academic goals at Savannah State University.
Academic Advisement

Good academic advising is a pre-requisite to course selection. The Center for Academic Success (CAS) advises select groups of students regarding institutional core curriculum requirements. The center facilitates students’ transition to a specific major by serving as a liaison between them and the academic colleges. Professional advisors assist students in choosing the correct classes to help them achieve academic and career goals.

Higher Levels of Achievement ~ Greater Levels of Success

Academic Advisors are committed to helping students achieve their academic goals by:

- Ensuring that students are enrolled in the appropriate classes
- Assisting students with declaring a major
- Assisting students with developing course schedules
- Maintaining a high degree of confidentiality regarding student information
- Informing students of university resources and services

Connecting with Advisors

Academic Advising on the college level is imperative to the success of each student. Together, students and advisors contribute to this process. Students must take the initiative to:

- Contact their academic advisors
- Make appointments with their advisors to plan course schedules
- Be open and honest with advisors
- Seek assistance from their advisors regarding problems affecting their academic performance
- Be responsible for making sure they are on track for reaching their goals

Success

Failure
